Innovative international private medical insurance, along with VIP medical services, for Canadian individuals and corporate groups who want to expand their health care options locally (where available) and worldwide without restrictions to any hospitals or doctors

Protecting both you and your financial health by offering high-quality medical services tailored to your needs

Ideal for clients willing to seek treatment outside of Canada, eliminating the need to wait in the Canadian health care system and giving them access to medical technologies not available in Canada

Ideal for frequent travelers and those who live abroad during winter months, eliminating the need for the stability clause which is imbedded in travel insurance

100% tax deductible for business, non-taxable benefit for employees

Access the healthcare you need, when you need it. Costs are covered – any place, any time

Options – should a medical emergency arise while at home or travelling abroad, you have the option to receive medical care at world-renowned Centres of Excellence in the U.S. or anywhere else in the world

Priority – VIP, front of the line concierge service

Worldwide coverage – up to \$5M coverage for all surgeries including cancer treatment and drugs, transplants and elective surgeries

Minimum 3 employees for a corporate group plan – no underwriting

Access to walk-in Convenience Clinics when traveling in the U.S. (no deductible applies, no limit on the number of allowed visits)
